

CHAPTER THREE

'Be your mind and
speak yourself.'

That week, at a literary agency

Thank you
for agreeing
to meet with
me today

So, uh, this
is the start
of the comics
project.

oh wow,
the title,
it's so
sad!

I mean,
it's not, like,
depressing. It's
meant to be
affirming.

Is it a
Feminist
book?

well, I
consider myself
a feminist,
but...

Under 'Genre
you've written
'Feminism/Socialism'

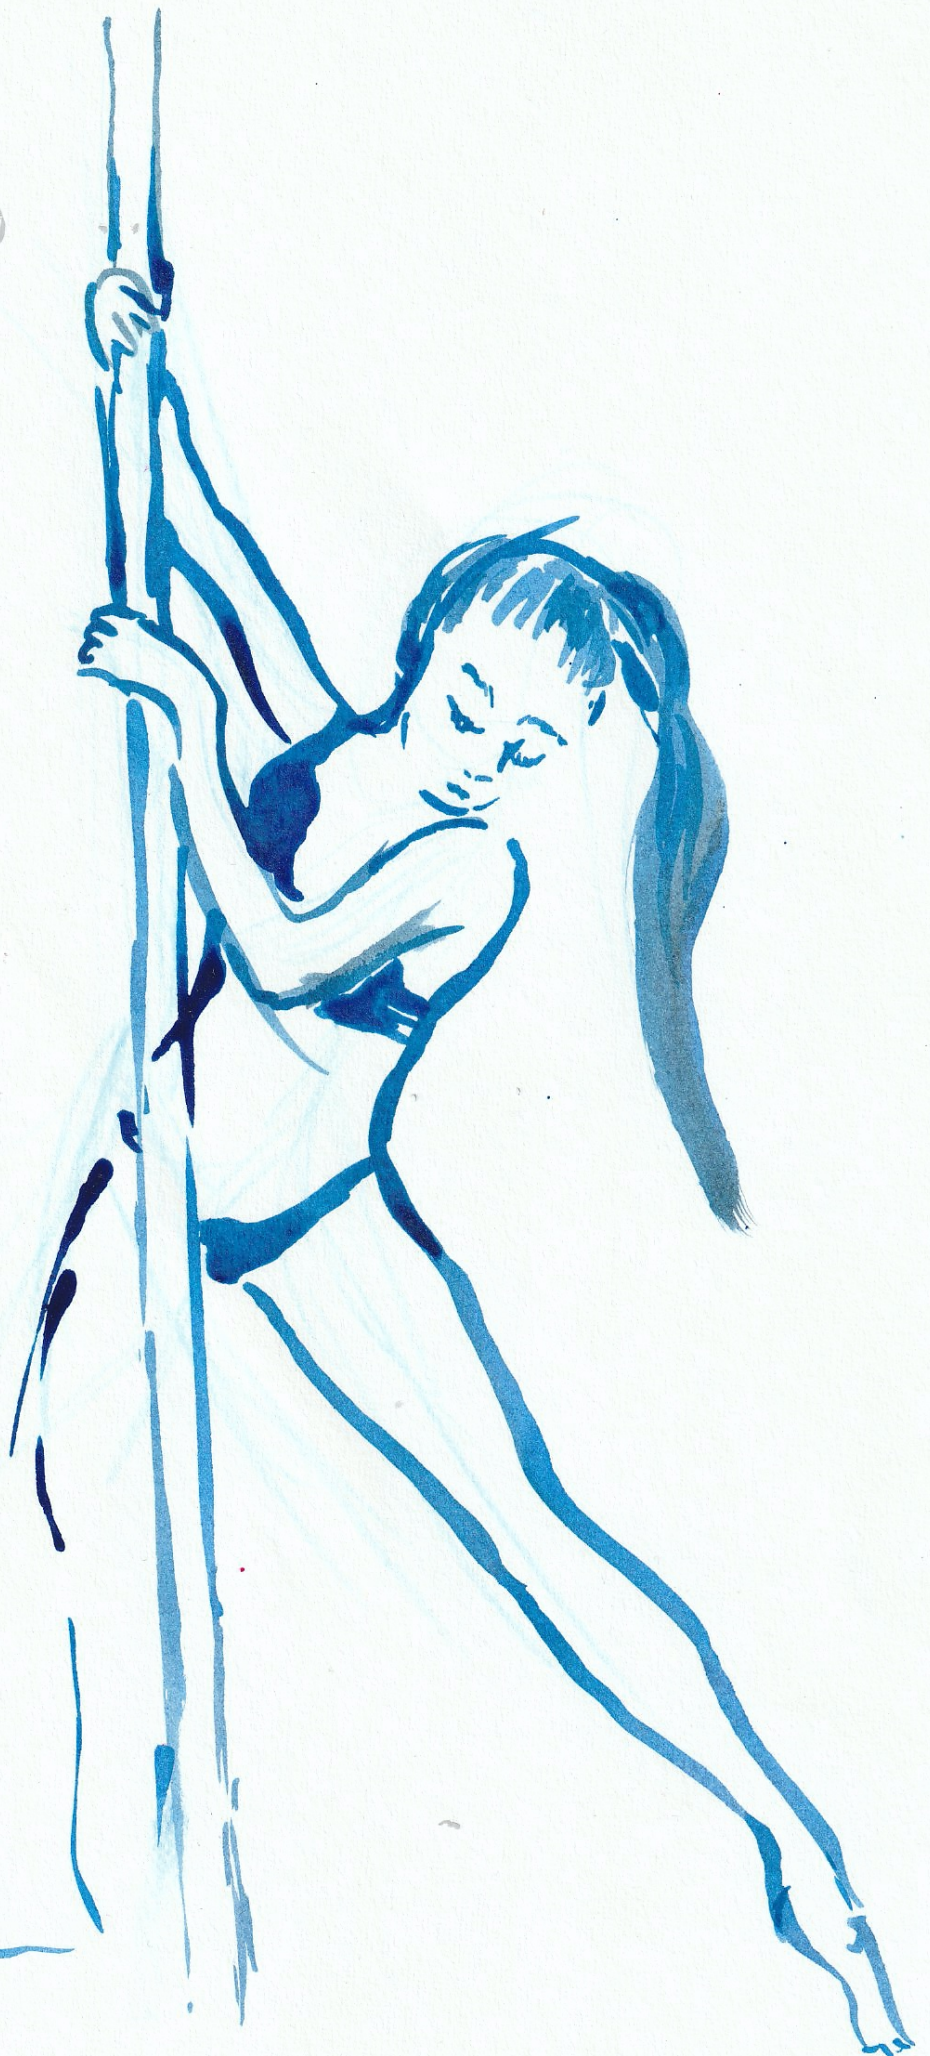

Ah, right,
there is that,
heh heh...

I mean fine,
kudos, just that
it's not my battle.
I mean, just, I know
about the 1000's
of years of
oppression, but-

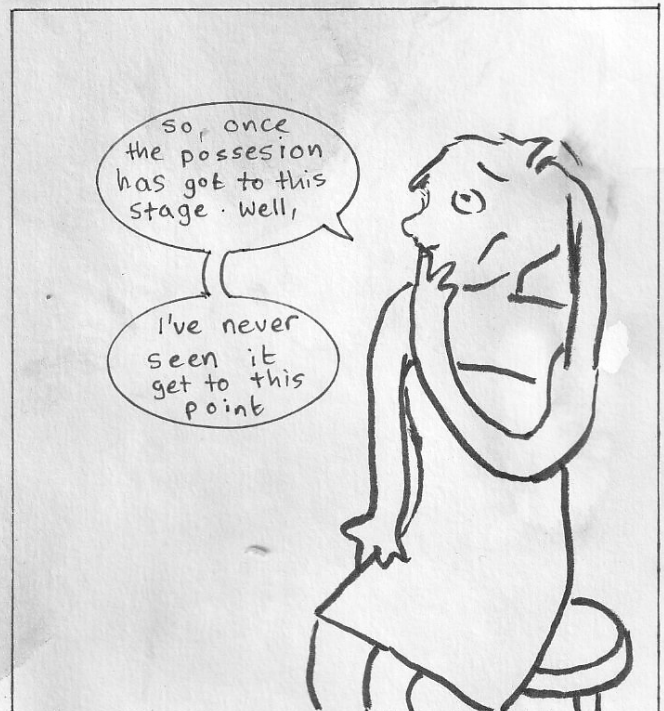

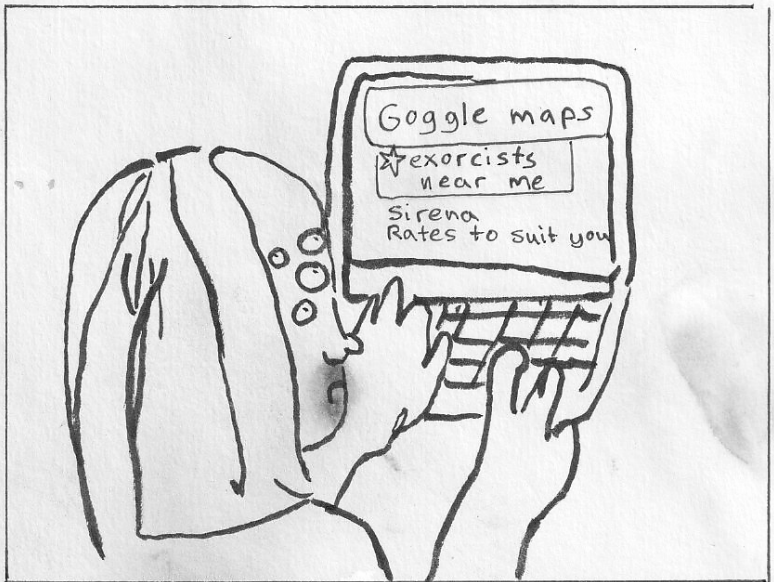

sure, sure,
I, uh, have
other ideas,
'OMG host'

Yeah, we're
not really
looking to push
your agenda
atm.

Sirena

That night

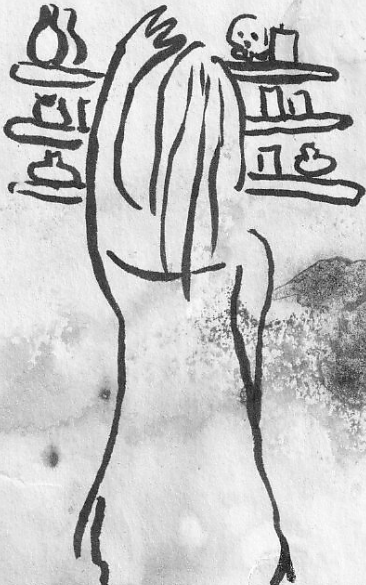

Look, most people think you need the usual stuff

You know, salt, holy water, crucifix... whatever.

But in actuality

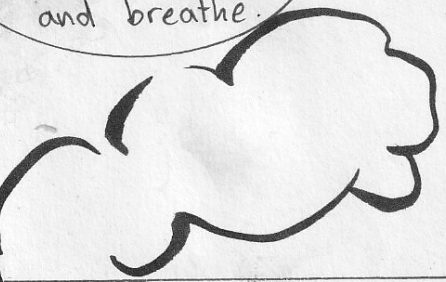

Ya gotta rela-a-ax

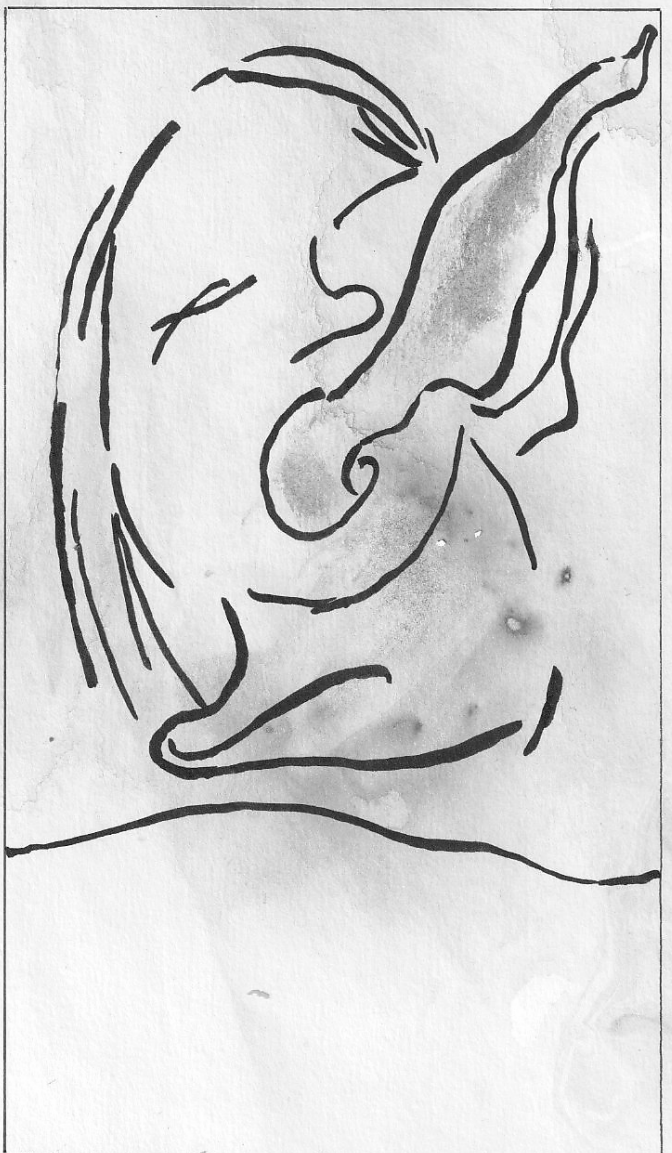

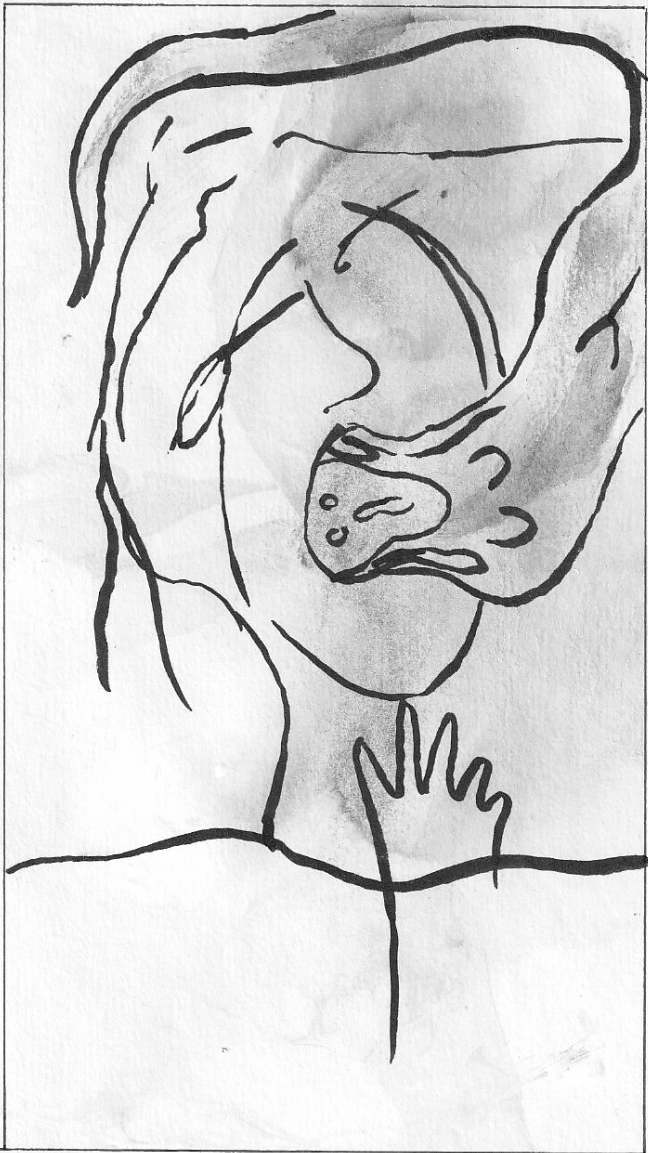

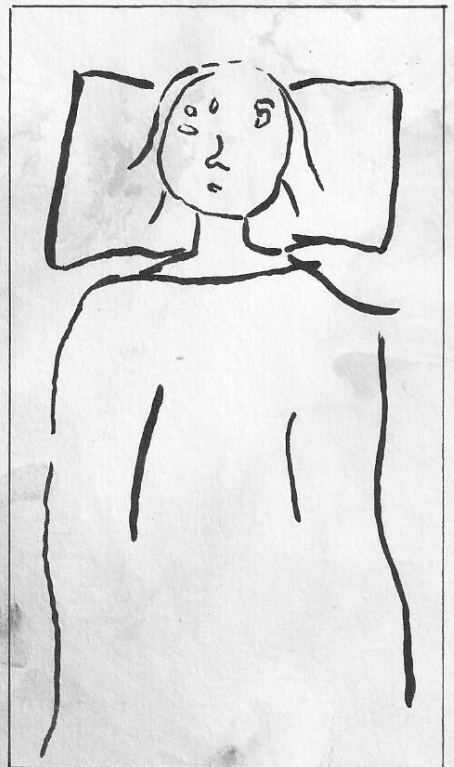

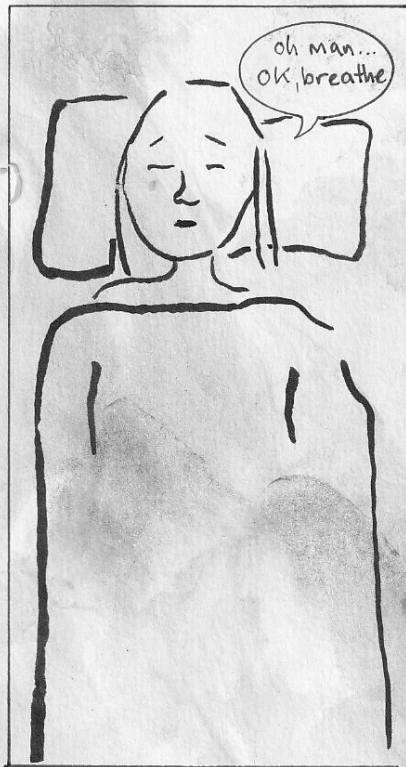

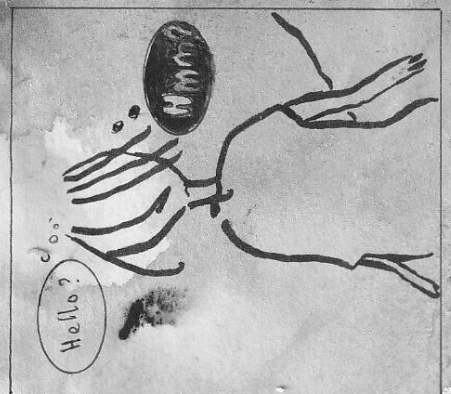

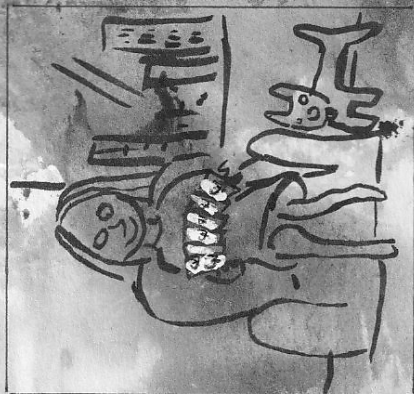

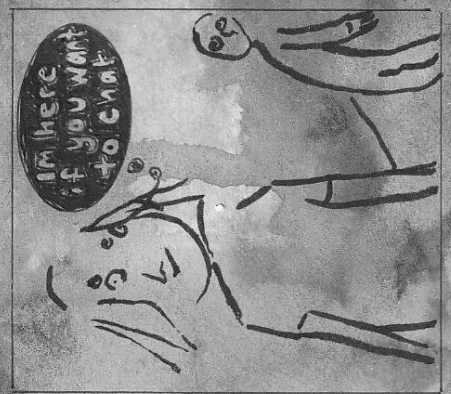

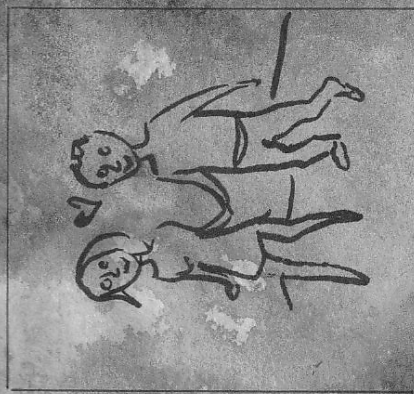

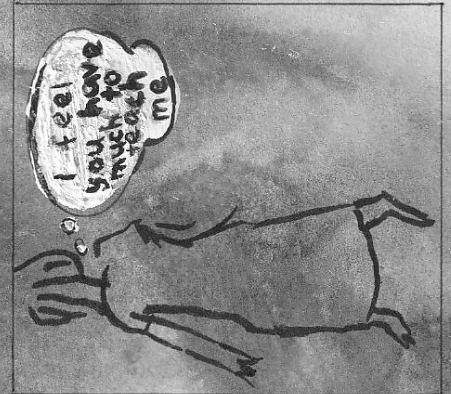

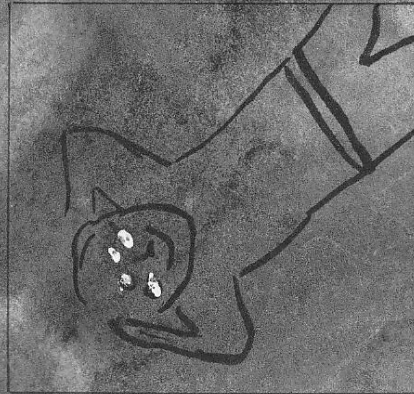

Next time it happens, - you feel her taking over

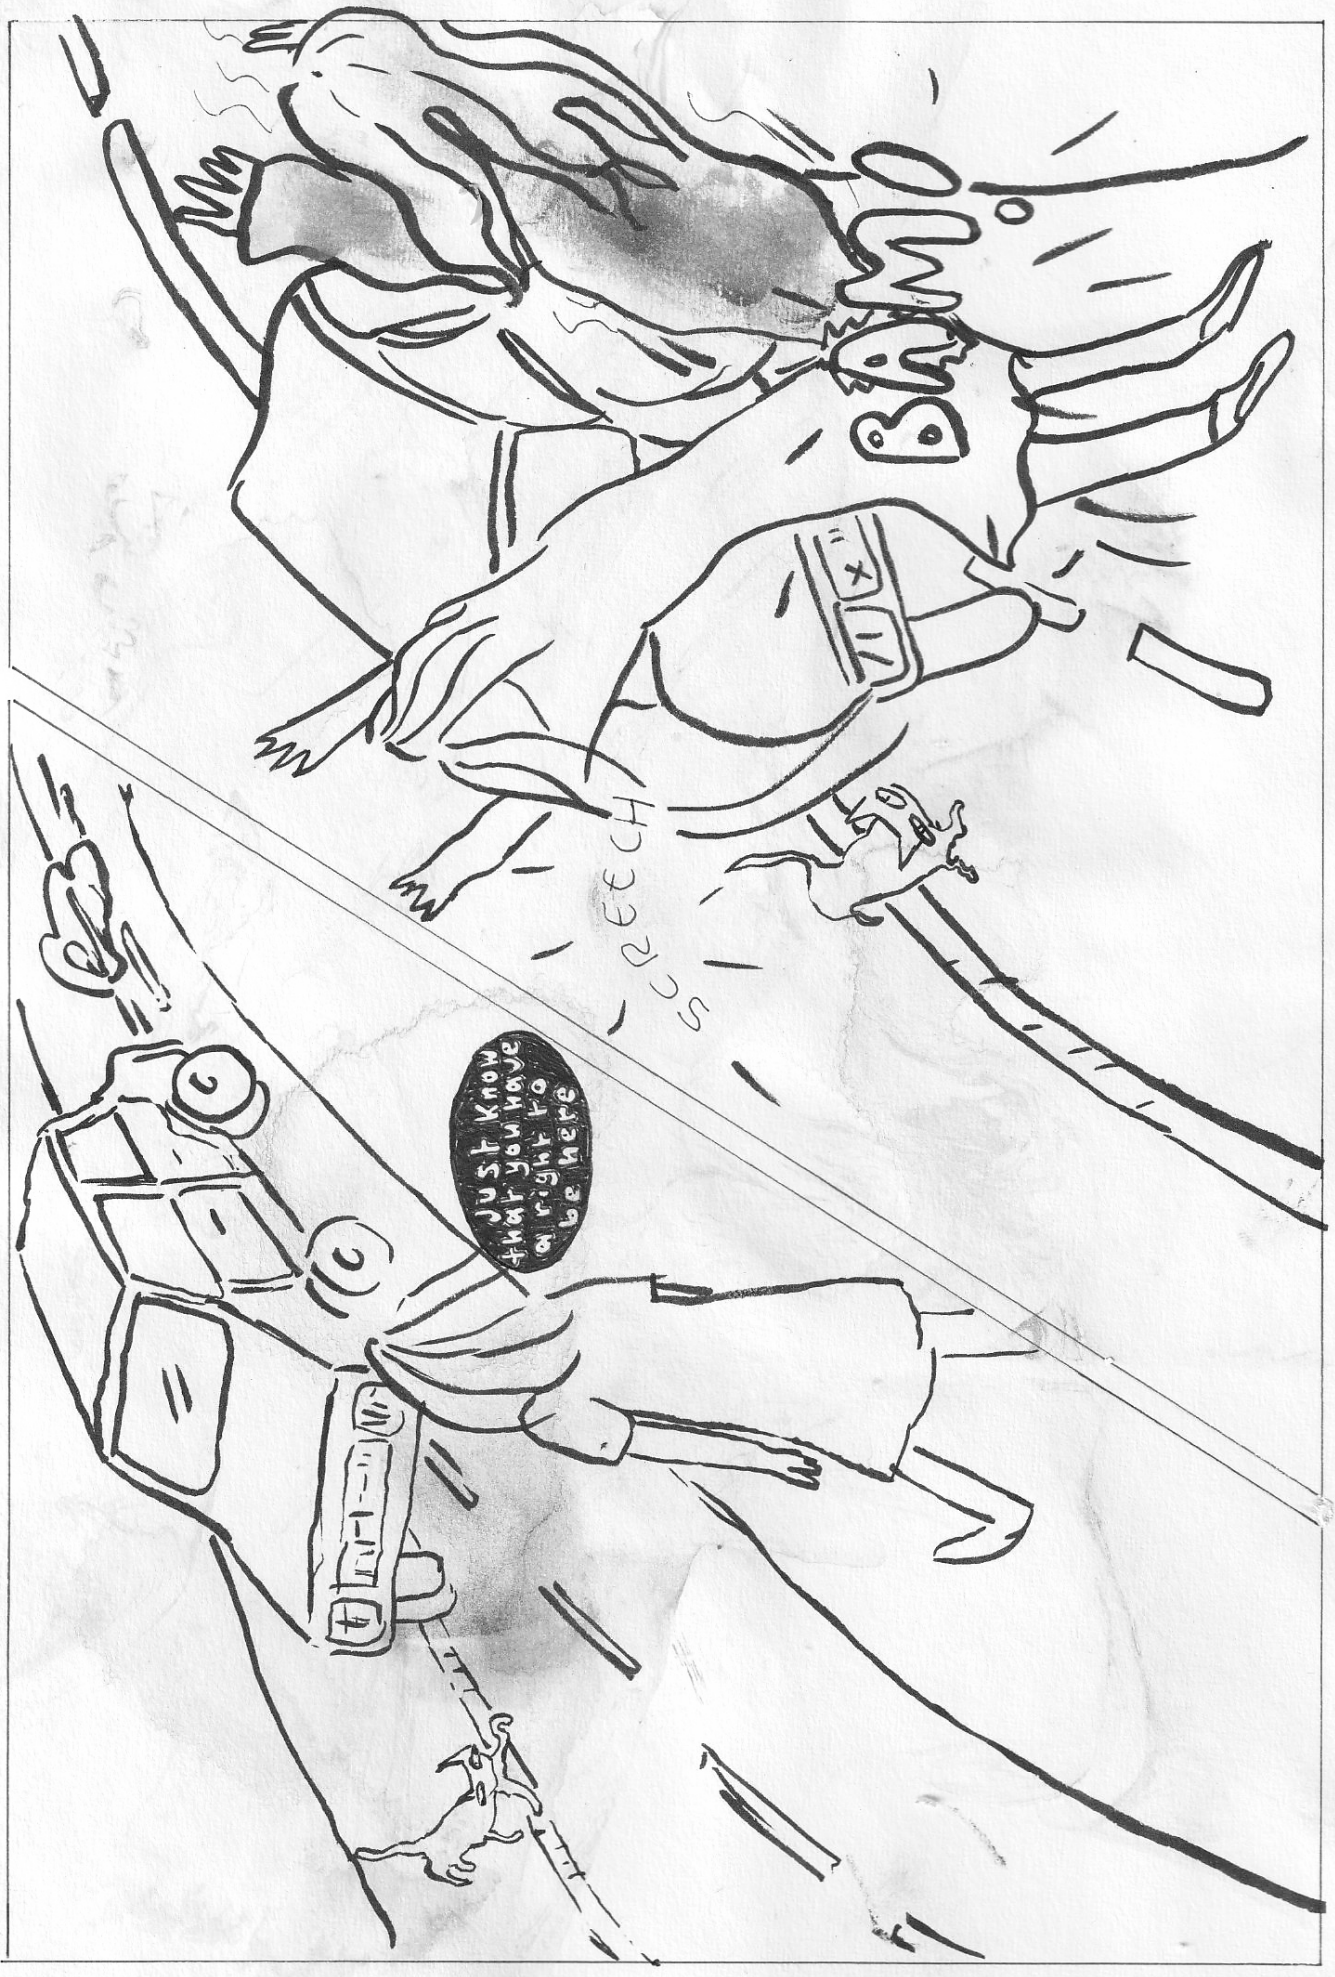

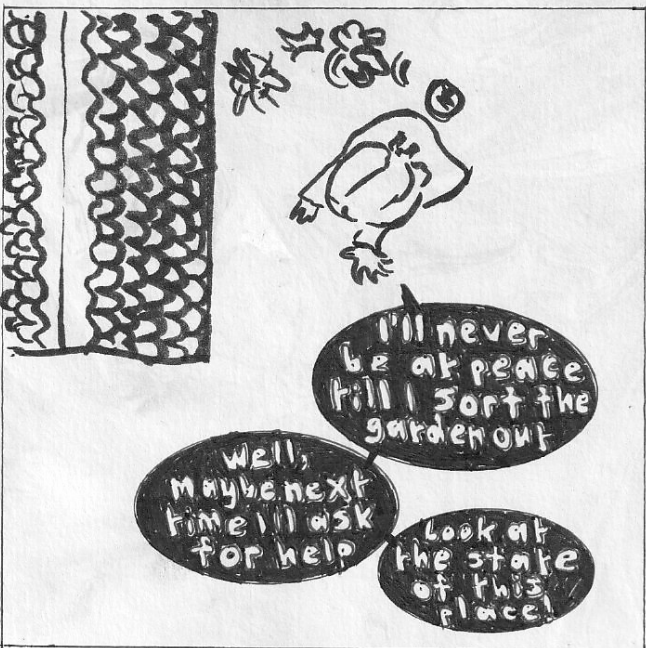

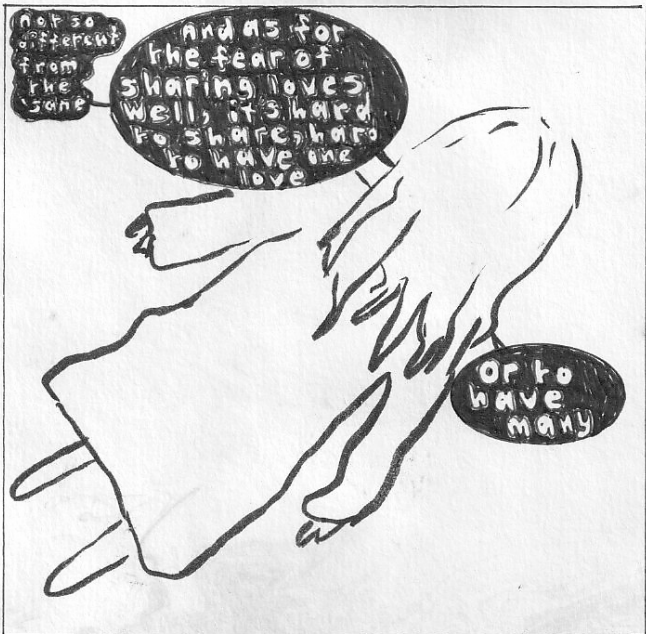

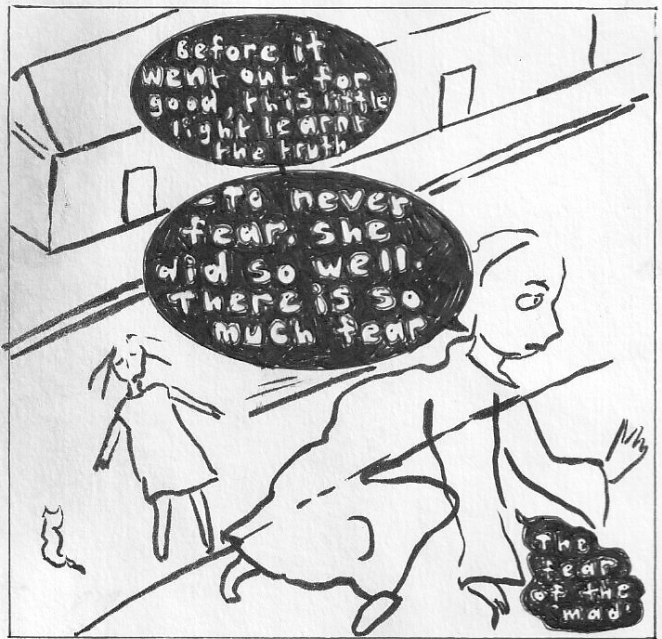

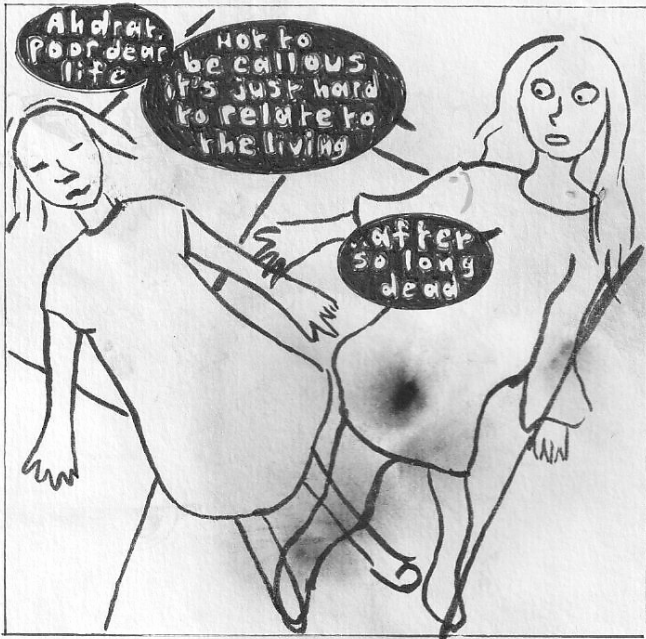

Just breathe and go with it. Drink water and breathe.
